IF Green's New Tribute Line pays homage to contemporary masters & Oregon's eternal forest.

Making its debut at Chicago GreenBuild, IF Green's new Tribute line showcases what Oregon does best: responsibly harvested FSC wood and natural fabrics matched with hip designs and comfort.

Tribute flaunts its structure with bold wood accents using only FSC woods incorporated into a clean, minimal look. The series is a tribute to Charles and Ray Eames — and to the forests we call home. Our new Z coffee table provides the perfect complement.
